## **Placing mophie juice pack cases in the dock**

As shipped, the juice pack dock's rubber insert will hold juice pack air and juice pack plus cases Made for iPhone 6 at the proper angle. Simply place the juice pack case into the dock and it will begin charging on contact. (Note that the dock for juice pack for iPhone 6 Plus does not have a removable rubber insert.)

## **For juice pack ultra cases**

### **To dock a juice pack ultra case:**

- Remove the rubber insert from the rear of the dock well
- Reverse the insert so its back now faces out
- Replace the insert

The dock will now hold the juice pack ultra case at the proper angle.

## Warranty

At mophie, we are dedicated to making the best quality products we can. To back this up, this product is warranted to be free from defects in material for one (1) full year from date of purchase. Within this period, we will replace any defective product or offer a full refund of the purchase price, at our sole discretion. Such remedy shall be your sole and exclusive remedy for any breach of warranty. This warranty does not cover failures due to abuse, accident, unauthorized alterations or repairs, or any use that is inconsistent with the instructions furnished by mophie. Any replacement product will be warranted for the remainder of the original warranty period. This warranty does not affect any statutory rights that you may be entitled to in your state. Keep a copy of your purchase receipt as proof

of purchase and be sure to register your product at [mophie.com](http://mophie.com). Failure to register your product and/or provide proof of purchase may void the warranty.

### **Exclusions & Limitations**

Except for the limited warranty expressly set forth or to the extent restricted or prohibited by applicable law, mophie expressly disclaims any and all other warranties express or implied, including any warranty of quality, merchantability, or fitness for a particular purpose, and you specifically agree that mophie shall not be liable for any special, incidental, indirect, punitive, or consequential damages for breach of any warranty of any type on any mophie product. In addition to and without limiting the generality of the foregoing disclaimers, the limited warranty does not, under any circumstances, cover the replacement or cost of any electronic device or personal property inside or outside of the mophie product.

The foregoing exclusions and limitations apply to the extent permitted by applicable law in your jurisdiction. You may have additional rights, which vary from state to state.

This device complies with part 15 of the FCC Rules and RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

**CAUTION:** To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.

**MODIFICATION:** Any changes or modifications of this device could void the warranty.
